D. O. No. 6417.

THE RESIDENCY,
BANGALORE.
2nd September 1919.

Dear Mr. Kantaney,

I am desired by the Executive Committee of the King Edward Memorial Fund to address you on the subject of the Statue of the late King Edward which it is proposed shortly to erect in the Cubbon Park near the junction of the Cubbon and Queen's Roads.

As a member of the Executive Committee, you kindly attended a meeting of that Committee which was held at the Residency on Monday the 1st instant to consider certain recommendations put forward by the Sub-Committee which has recently been appointed. As you are aware, it is intended that the statue shall be unveiled by His Excellency the Viceroy when he visits Bangalore in November. It is estimated that a sum of Rs. 6700/- will be required before the preparations for the unveiling ceremony are completed. To meet this expenditure there is a balance of Rs. 2769/6/2 at the credit of the fund, and, as you know, it is intended to ask the Municipalities of the Civil and Military Station and the City if they will be so good as to meet the difference between the anticipated expenditure and the available balance, which, in round figures, may be put at 4000/-

As you will remember, it was decided at the meeting that it was most desirable, in order to be in accord with Indian sentiment in the matter, that a canopy should be erected over the statue. It was agreed that it should be in keeping with the statue in regard to design and workmanship and it was estimated that this would entail an expenditure of not less than 10000/-. In addition to this, there still remains the provision of stone balustrades round the statue, the cost of which is estimated at about 5000/-. It was decided also that, owing to the short time at our disposal, the erection of the canopy and the construction of the balustrades should be deferred till after His Excellency's visit, but that it should be stated in the address to be presented to His Excellency, that it has been definitely decided to erect a canopy and that this will be done as soon as possible after the statue is unveiled by the Viceroy.

There are no funds available to meet this additional expenditure nor is it practicable now to call for further subscriptions. In these circumstances I am desired by the Executive Committee to ask whether His Highness' Government will be so generous as to contribute the sum required to provide the stone balustrades and the canopy, which, so far as it is possible to estimate it, may be put at approximately 15000/-. The Committee are fully alive to the fact that the Durbar have already contributed in a most generous manner to the Fund and it is with some diffidence, therefore, that they prefer this request. Unfortunately, however, no provision was made, before the subscription list was closed, for the expenditure which has now become inevitable, and the present Committee are, therefore, placed in a somewhat difficult position. It would, they consider, be regrettable if, after the amount of money which has already been spent, the work were left uncompleted, and, in these circumstances, they venture to hope that the Durbar, who have evinced such an interest in the matter hitherto, will see their way to contributing the sum required for carrying the work to completion. As Mr. Cobb explained to the meeting the address which it is proposed to present to His Excellency at the unveiling ceremony will have to be submitted at a very early date to His Private Secretary, and, as it is necessary to know definitely before sending up the address whether funds will be available to provide a canopy in addition to the stone balustrades, I should be very grateful if you could let me have a reply to this letter as soon as possible.

Yours sincerely,

I. Donaldson
